

Eligibility for grant support

Questions which form a pre-assessment check list, with projects needing to score a 'yes' for at least one of the questions, before being accepted for scoring.....

Question	Yes/No
1. Will the asset(s) being funded (or the existing asset(s) being improved or maintained) belong to the Strathglass Community at large or belong to a community group whose directors are appointed by its members where membership is equally open to all adults living in Strathglass	
2. Will the community have free and equal access to the use of the asset(s) irrespective of the ownership of the asset(s)	
3. Will the asset(s) being funded belong to or assist a subset or sector of the community where all members of the subset of the community will then have equal access to the asset(s) (sector could be business, education, tourism, health etc; subset could be geographic, family, health related or age related etc)	
4. Will the job /post being funded support a community group whose directors are appointed by its members where membership is equally open to all adults living in Strathglass	
5. Will the community at large have free and equal access to the advice or work outcome of the post/job being funded	
6. Will the job/post being funded assist a subset or sector of the community where all members of the subset of the community will have free and equal access to the advice or work outcome of the post/job being funded
